- English
- Hindi

PERSONAL DETAILS

Date of Birth April 23, 1999
Gender Male

RESUME SUMMARY

Engineering graduate with a passion for software development. Proven ability to learn quickly and adapt to new technologies. Strong analytical and problem-solving skills. Seeking an entry level position in a challenging and fast-paced environment where I can use my skills and knowledge to make a positive impact.

Enthusiastic and detail-oriented Software Development fresher with a foundation and a passion for solving complex problems using C++. Eager to apply theoretical knowledge to real-world scenarios and contribute to innovative software solutions. Proficient in C++ programming and problem-solving, with a solid grasp of data structures, algorithms, and object-oriented principles.

PROJECTS

Interactive E-Commerce Website | May 2023 – May 2023

Developed an interactive e-commerce website using ReactJS. The website features a user-friendly interface, Different sections and Pages, a shopping cart, and a Login page. The website is also responsive, meaning that it can be viewed on a variety of devices, including desktop computers, laptops, tablets, and smartphones.

Technology Used : ReactJS , HTML , CSS , Javascript.

MERN Recipe Book | October 2023

I built a full-stack recipe website with authentication using the MERN stack. The website allows users to create, save, and browse recipes. I used React for the frontend, Node.js and Express for the backend, and MongoDB for the database. I also implemented authentication using JSON Web Tokens (JWTs).

Technology Used : ReactJS, NodeJS, MongoDB , Express.
